TRAINING SHEET

RCC-F CODE (2024 VERSION) : MODULE 3

Trainor: Johan PERDRIX - Xavier SAMTMANN

Description of the course :
The code brings together the design and construction rules concerning fire applied to all pressurized water reactors. The course aims to convey the main concepts covered and is intended for a beginner audience on the subject.
The Module 3 focuses on the areas of the RCC-F related to national regulations.

1. OBJECTIVES

- To be able to understand the requirements related to national regulations
- To Know the cases of French and UK regulations
- To know the solutions proposed by the code in case of conflict with national regulations

2. TARGET AUDIENCE

- Project managers, engineers involved in an EPR project at any time and at any level of said project.
- Public service engineers involved in an EPR project.
- People in charge of the design or construction of an ERP plant.
- Fire safety engineers or fire risk analysis engineers.

3. PROGRAM

- Evacuation and access
- Smoke control
- Rules for installing active fire protection
- Rules for installing detection
- Rooms with special requirements

4. PRE-REQUISITES

- Have completed the RCC-F module 1 training
- Bring the 2024 version of the RCC-F Code, which is not provided during this training
- Access to the RCC-F Code can be provided by Efectis France upon request at a rate of €30 excluding VAT per trainee.

5. TEACHING METHODS

- Training support: For each training, a pdf version of the educational support will be sent before the session. The distribution of this support is the responsibility of the client.
- Evaluation of acquired knowledge via a questionnaire distributed at the end of the session.
- Training certificate issued at the end of the course
- All our training courses can be organized in an in-company format with a tailor-made program. For people with disabilities, to best support you, please contact us at 03 87 51 37 35 before registration. We will review your training request with you and offer solutions to help you achieve your goals under the best conditions.

6. TRAINING TERMS

Duration	1 day
Sessions	Face to face sessions
Price tax excluded (documents, pauses and lunch included)	800 €uros The price will be 3000€ for a subscription to the 4 modules
